## Solar Eclipse Program

Saturday, August 5  
2:00 pm

**Hey Kids! Are you ready for the total solar eclipse on August 21, 2017?**

A total solar eclipse is an amazing sight to see but viewing an eclipse requires safety and a bit of preparation. Ranger Richard will present a special program that will help kids ages 5-12 learn about solar eclipses and night sky exploration. Participants can earn a special Junior Ranger Night Explorer patch. This patch will be available at Ulysses S. Grant National Historic Site for this afternoon only.
